

Mr. Foresi has professional experience in a wide range of projects. His strength lies in site planning, design development and construction documentation for higher education projects, K-12 school facilities, and mixed-use town center projects. He provides the client with clear & accurate working drawings in order to meet their goals. His detail oriented approach offers a practical, comprehensive solution without losing site of the big picture. Mr. Foresi's technical experience and knowledge of the most current software allows him to provide fast and accurate professional service. By doing so, clients can maintain schedules, have more flexibility, and expect a quality project as a result.
